# ◇INTRODUCTION◇

---

WE take pleasure in presenting to the General Drug Trade our Catalogue and Prices Current for 1887, the quotations being for ordinary commercial quantities. We shall be happy to furnish special quotations on original packages or large lots at any time. The constant changes in market values makes a frequent revision necessary, and it will be understood that the prices quoted are subject to changes in the market and not to be considered binding unless confirmed by the house.

**Essential Oils.**—There is probably no line of goods handled by the Pharmacist so susceptible of adulteration as Essential Oils. We have the agency for the well-known house of GUISEPPI ABATE & FIGLI, of Messina, Italy, whose oils are guaranteed to be equal to any in the market.

**Sugar Coated Pills and Granules.**—While we handle the brands of all reliable manufacturers, we stock and recommend the Pills and Granules manufactured by BULLOCK & CRENSHAW, of Philadelphia, and the general Pharmaceutical Preparations of the houses of PARKE DAVIS & CO., HANCE BROS. & WHITE, and LUZON J. FINCH.

**Druggists' Sundries and Fancy Articles.**—Commencing on Page 101 will be found a list of goods handled by Druggists, from other departments of our house. In addition to the articles quoted, we can give close figures on Druggists' Sundries, Fancy

Goods, Surgical Instruments, Trusses, etc. Special attention is invited to the Liquor, Cigar, Spice, French Goods and Extract Departments.

TERMS, ETC. : Assorted invoices will be sold payable within thirty days in New York. Parties ordering for the first time will see the necessity of giving references or remitting with the order.

PACKING BOXES AND CARTAGE IN THIS DEPARTMENT ARE FREE : There will be no charge for boxes for assorted goods, but Patent Cans, Kegs, Barrels, will be charged at regular prices.

The Drug Department still continues under the management of that old and well-known Pharmacist and Practical Chemist, Dr. WM. M. GILES, assisted by Licensed Pharmacists only.

Soliciting your orders for goods, which will receive careful attention, best prices and prompt despatch in shipping, we remain,

Very respectfully yours,

THURBER, WHYLAND & CO

### WHOLE SPICES.

#### MASSASOIT GRADE.

The following are of good quality and is the grade from which we grind the "Massasoit" brand, as quoted below, and usually sold by other houses as the best. Both S. I. and "Massasoit" are absolutely pure in the same sense that a pound of pure tea can be purchased for one dollar, or half that sum—simply a difference in grade of the Whole goods.

**GILES' IODIDE AMMONIA HORSE AND CATTLE.**

We especially recommend Giles' Iodide Ammonia Horse and Cattle Powder, for curing Foot and Mouth Disease, Distemper, Broken Wind, Heaves, Rough Coat, Weak Loins and Kidneys. It purifies the blood, neutralizes Blood Poisoning, expels worms, and prevents difficulty in staling; an occasional dose will keep the stock healthy and in good condition.

## CIGAR DEPARTMENT.

*Our terms on Cigars are four months, but in order to make it an inducement for buyers to cash their bills we deduct FIVE per cent. for cash WITHIN FIFTEEN DAYS FROM DATE OF BILL. This is at the rate of more than fifteen per cent. per annum. When buyers do not cash their bills, we require notes or accepted drafts. All bills under \$50, however, must be cashed, less five per cent., or paid in thirty days, less four per cent., as we cannot take notes or acceptances for less amounts than \$50.*

### THURBER, WHYLAND & CO.'S NUMBER FIVE CIGAR.

It is a fact conceded by the trade generally throughout the United States, that our "Number Five" Cigar is the best known, most popular and possesses more intrinsic merit than any other brand yet placed upon the market. The immense sale and much envied reputation of this brand is not confined to any particular section. On the contrary, Thurber's "Number Five" Cigar can be found on sale in almost every town in the United States at the present time. It is our intention to keep the quality of our Cigars right up to their present and past high standard of excellence. Our line of Cigars comprises a more full and complete assortment, we believe, than is carried by any other house in the country, and while it is our undisguised policy to induce our customers by all possible arguments to keep a fine class of goods in their stock and pay a fair price for the same, we nevertheless recognize the importance of carrying a few brands of the cheaper grades of Cigars that are worthy of consideration, and that are really good value at the prices asked. We consider any of the following brands as being worthy of especial mention, and can recommend them as possessing all the elements of fine quality and such as will give perfect satisfaction to the consumer:

That we have established an enviable reputation for good goods at low prices in this special department of our business, cannot be denied. Our first aim has been, and will continue to be, quality in the selection of leaf, but the most important point in the manufacture of Cigars is that of workmanship. The choicest of tobacco may be used, the finest of wrappers selected, but if improperly handled in manufacture, the Cigar may not draw freely, is likely to burn irregularly, taste badly, and smell worse. We have made this feature a practical and careful study, and such is our confidence in the merits of the various brands mentioned above, that we say to you, "favor us with a trial order," and any Cigars having our firm name which do not prove satisfactory in every respect, may be returned at our expense.

# TOBACCO AND SNUFF.

*Our Terms on Tobacco are Sixty days. For cash in Ten days we will allow a discount of 2 per cent. No discount on Garrett's Snuff.*

## PLUG TOBACCO.

We call special attention to our new brands of plug tobacco called "Thurber's No. 10" and No. 5. The first named is made of the best Mason County leaf, and the latter is a happy combination of the best stock in the market, and is of fine workmanship and a lasting chew. Our experience is that poor Tobacco is dear at any price, and we prefer to sell our customers goods that we know will please them. Careful comparison of qualities and prices will convince you that we offer our Tobaccos at a smaller percentage above the cost of manufacture than any house in the trade. Good Tobaccos are a specialty with us.

# WHY

## YOU SHOULD KEEP

# Baum's Castorine Axle Oil

### CONSTANTLY IN STOCK.

1. It is the first and **ONLY** Reliable Axle Oil ever placed upon the market, and despite many imitations it has always maintained its lead as the **STANDARD**.

2. It delights every purchaser. The call for it is constant and increasing. It not only makes friends, but **KEEPS** them.

3. It is an eminently desirable article for the trade to handle cleanly, conveniently, quick moving and profitable.

4. It is elegantly put up in decorated tin cans, and a large variety of lithographic and other advertising novelties accompanies every case.

5. It will not gum. It will not chill in cold weather. It will not run off the axle. It will out wear every and any other axle oil ever manufactured.

## IT IS NOT A PRODUCT OF PETROLEUM.

No live dealer should be without it. A full assortment of all sizes constantly on hand and for sale by

ANSWER TO WHAT IS IT?

**"LIQUID BREAD."**

**IT IS** A tonic which restores the system to a healthy condition.

**IT IS** A Liquid, and, as the name implies—"LIQUID BREAD"—it is food for the system.

**IT IS** An absolutely pure extract of Malt, and consists almost entirely of Malt Sugar, Dextrine, being free from fatty acids, etc., and is a splendid beverage for everybody, whether well or sick.

**IT IS** Recommended and endorsed by physicians—as one of them has said from rather extended observation of its effects—who have become convinced of its value as a restorative and constructive in various conditions of the system, characterized by loss of appetite and impaired digestive power. The most favorable results have been obtained in cases of debility and exhaustion following acute diseases or consequent upon protracted and wasting discharges.

**IT IS** An excellent appetizer; it aids digestion and should be used by all who wish to preserve health by assisting nature.

**IT IS** Manufactured in the most improved Scientific methods by the old Reliable House.

**IT IS** Sold by Druggists and Grocers throughout the world. The citizens of New York City and vicinity attest to its valuable merits by using from 3,000 to 10,000 dozen bottles monthly.

**IT IS** Used extensively by mothers. The agreeable and palatable form of this preparation renders it particularly valuable to infant invalids and nursing women.

**IT IS** A palatable preparation, the result of the highest skill and greatest experience in the manipulation of malt, so as to convert it into a pleasant tasting tonic, a nourishing and reconstructive food, building up the system, supplanting waste by healthy nutritive matter and all this with the lowest possible development of alcohol.

## QUININE PILLS.

---

We desire to call attention to the SOLUBILITY of our Quinine Pills. The coating of sugar quickly dissolves, and the excipient we use is not only SOLUBLE but DELIQUESCENT. A very important point in this connection is that the coating KEEPS them SOLUBLE. Our Quinine Pills will dissolve as quickly after being kept 12 months as the day they were made. They are therefore much MORE DESIRABLE than the PLAIN PILLS, the COMPRESSED PILLS or those COATED WITH GELATIN, which do not dissolve so readily as sugar.

# MONELL'S TEETHING CORDIAL!

The Mothers' Pet, and the Children's Best Friend.

PRICE TWENTY-FIVE CENTS.

Eminent medical authority like DR. WILLARD PARKER, of New York, and DR. WARREN STONE, of New Orleans, recommending **Monell's Teething Cordial** as being the best preparation for young children in dysentery, diarrhoea, wind colic, and all diseases young children are subjected to especially while passing through the terrible ordeal of Teething, and in fact the only safe medicine to quiet and allay all pain and produce a quiet, healthy and refreshing sleep is a sufficient guarantee of its wonderful effects. Another proof of its merits is its rapid sale, which ought to be sufficient to commend it to every mother who has a child; it is not poisonous or injurious in any way, is **Warranted** perfectly **Harmless**, does not make the child dumb and stupid, but on the contrary, after a refreshing sleep, the child awakes fresh and vigorous, as thousands that are using it can testify. Give it a fair trial and if it meets with your expectations, inform your friends of it, for it certainly is a blessing to all to see their little child relieved from all pain and suffering caused by the terrible ordeal of teething and all other pains the little ones are subject to; Bowel Complaints, Dysentery, Disarrangement of the Stomach, Diarrhoea, Wind Colic, &c. Mothers who have given it a fair trial praise it in the most glowing terms. Why? Because by using it they can sleep all night and feel well during the day by having a good night's rest.

## HARMLESS, SURE AND QUICK. EXTRACT OF COPAIBA, CUBEBS AND IRON.

Is a certain and speedy cure. Guaranteed in every case, no matter how obstinate or long standing.

NO OTHER PREPARATION LIKE IT.

The iron used in this preparation, combined with the other ingredients, acts like a charm in its wonderful results and has no equal: it is pleasant to take, does not impair the digestion, and gives tone and strength to the entire system. No need for injection, therefore no danger of producing stricture.  THIS IS NO HUMBUG.

**New York City, N. Y.**

**The Detroit White Lead Works** were the discoverers and originators of the now celebrated carriage paint known as the **Detroit White Lead Works' "Carriage Black"** which is a jet black pigment finely ground and combined with varnish in such a manner that it gives a good finish and a handsome gloss in one coat without varnishing or rubbing. The genuine **Detroit White Lead Works' Carriage Black** is a grand success and is the most valuable discovery that has been made in the paint line during the last decade, but like all valuable discoveries it has tempted the cupidity of dishonorable and dishonest competitors and a number of small concerns are putting out their alledged carriage blacks and palming them off on the public and representing them to be equal to the **Detroit White Lead Works' tried and successful Carriage Black**. Most of them are utterly worthless and their legitimate effect will be to disgust both consumers and dealers with ready mixed carriage paints. Against this we protest! and we appeal to honorable dealers to discourage the introduction of such shams which injure their customers and bring discredit upon themselves.

**MOXIE**

**TO THE FRONT.**

**Weakly, Nervous Women do double work with less fatigue on five cents' worth a day.**

**L**IEUT. MOXIE'S DISCOVERY has been on the market 15 months. The result is the most remarkable record in the history of the country. The sale of over 5,000,000 bottles has never been equaled in the history of trade, and when it is considered that this has been done with less than Twelve Thousand Dollars' worth of advertising there is but one conclusion—it has sold mostly on its merits. Basing an estimate on the size of its sale, use and results in the City of Lowell, we have the right to estimate that it has cured 228,000 drunkards of the liquor appetite, and restored 389,000 nervous wrecks to a fair condition of health and endurance; while that large class of rapid workers who are forced to their utmost powers of endurance, generally admit that they can stand almost double strain, with less fatigue, on five cents' worth per day. It is generally admitted that it occupies a vast field of usefulness never filled before with a harmless remedy. It has won the favorable recognition of all classes of the people but the cynics, who cry fraud and humbug at everything, try nothing, and always give an opinion, whether they have knowledge enough to entitle them to one, or otherwise. For the benefit of such, we suggest that they write to Mrs. Mary Cheney, aged 68, 18 Bleachery Corporation, in Lowell, who was given up by eminent physicians in helpless progressive paralysis. She was recovered in 15 days. Or to Angus Bell, 130 Broadway, in Lowell, who had general helpless paralysis for 20 months. The case was considered absolutely hopeless. After the use of MOXIE, he is now able to do hard muscular labor. Or to Mary Hulme, aged 67, living at 3 Union Street, in Lowell. She had complete paralysis of the left side. Is taking MOXIE; has recovered all but the left hand. A daughter of Louis Berger, 965 Folsom Street, San Francisco, left side completely paralyzed, with loss of speech. Complete recovery from MOXIE. Or Col. H. Bowers, a very wealthy and prominent citizen, at No. 649 Clinton Avenue, Albany, complete paralysis of the right side after three shocks, from using the MOXIE but a short time, he is nearly recovered, writes in a clear, steady hand to me, with the hitherto helpless hand. We hereby agree with the public, to forfeit \$5,000 if these statements are untrue, or exaggerated. We do this to silence this dishonest class, and stop the cry of humbug. We do not like to parade the name of a cured drunkard or lunatic before the public. Their cases are self-evident where the MOXIE is used. Remember that MOXIE only cures cases resulting from nervous exhaustion by feeding the nerves. It is not a medicine or stimulant. I cannot explain why it removes the appetite for liquor, but it does. Its life-giving power is exemplified when taken in large doses. There is first a sensation as of electric currents going through the nerves, followed by a solid, vigorous feeling, as after a good meal, leaving no reaction. We offer any chemist \$5,000 if they can find it contains any Opium, Laudanum, Morphine, Coca, Cocaine, Arsenic, Strychnine, Iron, Nux Vomica, Quinine, or more alcohol than in wheat bread, or any other ingredient more deleterious than common bitter-root and wintergreen used in the flavoring. We print a fac-simile of our label. It will determine the genuine. I warn the public against the avalanche of fraudulent, worthless nerve foods, seeking to steal a market on the remarkable reputation of the MOXIE. Some of the low groggeries and unprincipled druggists even sell their worthless home made stuff by the glass from my old bottles. We are hunting them down. Buy only our unsealed bottle, or of a reputable dealer. I also warn the public against a dangerous recipe published and advised for an imitation by the "American Analyst" of New York. It contains a deadly poison. It is dangerous. The MOXIE is harmless in large quantities. It is sold you to give life, not to kill. Three-fourths of the deaths in fall and winter are caused by colds. We have combined a concentrated extract of the MOXIE with a harmless preventative. Sit in a draught an hour, get soaking wet in a rainstorm, or go perspiring from an over-heated hall into a severely cold or damp air—dissolve a MOXIE NERVE FOOD LOZENGE on the tongue and it will positively prevent a cold, and its use does not render you more liable to take cold afterwards. Is a great help to singers and speakers. Clears and strengthens the voice. For sale everywhere, at 10cts a package of 36; 3 packages for 25 cents, or 13 cents a package by mail. We are making a Saloon Syrup on which the retailer can make \$30.35 on a case after paying for soda.

*Price, Bottled Moxie, X, 35 cents Quart Bottle, or \$3.50 per Doz.; XX, 50 cents, or \$5 a doz. Triple Extract Moxie Syrup \$8 per case.*

# THE Watch for Everybody.

SING a song of workers, making with  
great power,  
Five and twenty watches every quarter  
hour;  
When the hour is finished, a hundred  
thus are made,—  
Isn't that a startling fact to set before  
the trade?  
The "Boss," who's in his office, count-  
ing out the pay,  
Says "a hundred every hour makes a  
thousand every day."  
Then the clerk, right at his elbow, chips  
in his little say:  
We'll make a *million* in three years—  
don't that take your breath away?  
And the shipper packed the boxes, till  
the basement overflowed,  
When along came a truckman, and took  
a four-horse load.

There was a little boy who lived by him-  
self,  
And all the pennies that he got, he put  
upon a shelf;  
Of course, like all, he had to live, which  
drew upon his store,  
But he always saved a cent a day, if he  
didn't any more.  
Thus, in a year or less, he'd saved up  
quite a pile,  
So a Waterbury Watch he bought, which  
made him quite in style.

# COMPRESSED CAMPHOR.

Our new Trade Mark Label.

Dealers in the old style camphor know the loss by crumbling and evaporation in handling and dispensing the same.

We compress pure Refined Camphor into one ounce and quarter pound blocks, and pack them in sliding lid wooden boxes lined with air-tight waxed paper, which prevents evaporation and is handy for retailing.

An oz. cake, placed in an urinal, thoroughly disinfects and deodorizes it, rendering the air sweet and clean. As a prevention of destruction of goods by moths it is unsurpassed, lasting two seasons.

## OUR POWDERED CAMPHOR

is superior to all others for manufacturing purposes, requiring camphor, powdered without the use of alcohol, packed in one pound tin cases, tubs and bbls.

## **CRISTADORO'S HAIR DYE,**

### BEST IN THE WORLD.

### A FEW POINTS FOR YOUR CONSIDERATION.

If you use a Hair Dye, of course you want the best. The following points which constitute a PERFECT Dye, are to be found combined in CRISTADORO'S DYE, only.

1st. QUALITY.—No dye is worthy of the name which will not produce a perfect color every time.

2d. HARMLESSNESS.—Anything that can injure the hair or the health it is criminal folly to use. Cheap dyes are costly experiments at any price.

3d. SIMPLICITY.—After buying a dye you do not want to have to hire an expert to apply it for you. It must be so simple that failure is impossible.

4th. INSTANT EFFECT.—No one wants to be for weeks producing the desired effect, in the meantime either making a recluse of himself or presenting to society all the colors of the rainbow before he gets the right one.

5th. LASTING EFFECT.—You don't want a dye which will wash off as soon as soap and water touch it, or which will wear off by itself in a couple of weeks.

*per contra.*

CRISTADORO'S HAIR DYE is not only free from all the above mentioned objectionable points, but is easily applied, does not stain the scalp, produces fine shades of brown or black, has no caustic in its composition, and it acts instantaneously. If you want to rejuvenate your looks, and appear at least 25 years younger, try a box of it and be convinced. Price one dollar only. Sold by Druggists generally and by THURBER, WHYLAND & Co., New York. \$

MAKING SCALES.

NO KNIFE-EDGES.  
NO FRICTION.  
NO WEAR.

MORE ACCURATE, MORE DURABLE, MORE  
SENSITIVE THAN ANY KNIFE-EDGE  
SCALES CAN BE MADE.

Patented 1882 and 1886 in America and Europe.

The principle upon which these scales are made has now been thoroughly tested by four years constant service of fine Druggists' Scales, which have retained their accuracy and sensitiveness without the slightest wear or other deterioration. The styles shown in the cuts were put on the market in 1886. A large variety of Scales for Grocers, Tea Dealers, Druggists, etc., is now being manufactured. New designs are in progress. Prescription Scales from \$10 upwards.

OFFICE OF HARTZELL & BRO.,  
WHOLESALE MANUFACTURERS OF LUMBER, ETC., }  
Cape Girardeau, Mo., Oct. 11, 1886. }

Dr. C. C. MOORE, 78 CORTLANDT ST., New York.

*Dear Sir:*—Last winter I received a package of your Pilules, three or four boxes with the request that they should be placed with some responsible person who had the chills and fever of the most aggravating kind, and after thinking the matter over a while, and talking with my wife about the chances of their merits, I concluded there must be something of worth connected with them, or you would not send them in that way. And as I was and had been having the third day ague for a long while, and what was far worse, Rheumatism of the Diaphragm and Intercostal muscles, and in fact my whole internal organs were seriously affected with it, and I suffered a great deal of pain thereby, and it was of old standing, as I contracted it in the army in the fall and winter of 1861.

Therefore I concluded to try them myself, and after I had taken the first box and began on the second, I was feeling so much relieved, I took my weight on a Monday morning, 132 pounds, the following Monday I weighed 141 pounds, same scales and clothing, so I continued to take nearly three of the boxes, and improved all the while, chills gave away to warmth, veins filled up, skin began to appear clear and healthful, internal pain began to let up, and in fact I hardly knew myself at the end of two months, and as I have been more or less in these low lands all summer and feeling well most all the time without taking medicine, and most all of my hands and employees been sick, more or less, has proven the genuine goods for the climate, and I now have orders for two dozen boxes, and a crippled man here who wants to sell them, canvassing.

And now, as the wrappers of the boxes have been misplaced, I fear I may not have your address correctly and will on that account not risk putting money in the letter, but if this finds you all right you can either start the two dozen boxes along with the invoice enclosed, or send invoice ahead and hold off for the money to come.

I am senior member of the above firm, and you can find our standing in any of the Commercial Reports.

Will be pleased to have a good territory for our man to canvass, and at the same time allow us as good commission as you well can afford.

I am very well impressed with the merits of the medicine and its good results.

Yours very truly,

J. N. HARTZELL.

I am now 58 years of age. I was the first settler (with a family) at this place, in the year 1849, and have been engaged in merchandizing most of my time for the last 40 years, and I have been selling all kinds of cures (said to be) for CHILLS and FEVER, and other malarial diseases, but so far I have never found anything that gave the UNIVERSAL SATISFACTION that your Pilules have given. They are indeed a good medicine for chills or any bilious sickness. Men come to me and say: "I have not the chills, but I want a box of Moore's Pilules to act as a preventive in all malarial complaints." I do not say this merely to get my name in the papers, but for a conscientious purpose to award right where it is due.

## Liebigs Chicken Broth.

Extracts of Beef have their virtues, but this Extract of Chicken has a peculiar virtue which may be regarded as somewhat superior to that of Beef Extract on account of its refreshing and delicate flavor, and applicability in cases where the stomach requires a gentle stimulant. It is so agreeable to the taste that persons who have taken it in their invalid state continue to do so after perfect recovery.

---

## Liebig's Beef Juice.

This highly esteemed preparation, now becoming more popular and better appreciated the more widely its excellent qualities become known, is manufactured from the choicest portions of the beast, and after many long and patient experiments, is now one of the finest articles of food produced for the use of the Hospital, Nursery, or Invalid and General Domestic Use.

## TABASCO PEPPER SAUCE

**OR LIQUID PEPPER.**

---

Is simply the Pulp of the Ripe Pepper Extracted by Pressure.

The seed of this Pepper was obtained from Central America, and by careful cultivation in Louisiana for many years has been so improved in strength, flavor and aroma, as to have become a new variety of Red Pepper, superior to all others. The pulp is so handled as to retain all the flavor, strength, aroma and color of the ripe fruit, and to keep unimpaired in any climate. It excites the appetite, promotes digestion, and is pronounced, by connoisseurs, to be the finest condiment in the world. For medicinal purposes it recommends itself by its purity, strength and diffusible form.

# SCOTCH OATS

# ESSENCE

## Read What Doctors and Ministers Say.

108 West 28th St., N. Y. City.  
Gentlemen:—I have used your most remarkable remedy, **SCOTCH OATS' ESSENCE**, in many most serious cases of Brain and Nerve Diseases, and with unfailing success. Of three cases of Paralysis, two were cured and one greatly improved. Two opium eaters were painlessly cured by it. I always prescribe it for Neuralgia. It has never failed me in Nervous Debility, Impotency, Hysteria, Nervous Dyspepsia or Sick Headache. It is without doubt the best nerve and brain remedy our profession has ever known. I send you this testimony gladly and wholly unsolicited.  
Dr. M. F. FLOWERS.

194 Lexington Ave., N. Y. City.  
Gentlemen:—A case of Sciatica, that had resisted electricity and every known remedy, has just been cured by your brilliant **ESSENCE OF SCOTCH OATS**. My patients swear by it. I have also found it the very finest thing I ever used for Nervous Dyspepsia and for sleeplessness.  
Dr. WM. C. BROWN.

Holyoke, Mass.  
Gentlemen:—I was for four years terribly afflicted with Neuralgia of the Heart and feared death (sudden death) at any moment. For eight months past I have not had a single attack, thanks to your **Dr. BUCKLAND'S ESSENCE**.  
Rev. GEORGE TAYLOR.

**WHO MAKES IT?**—Nature. We only extract and concentrate its virtues.

**WHAT SELLS IT?**—Its merits.

**WILL IT CURE PARALYSIS?**—Dr. M.

F. Flowers says so.

**WILL IT CURE SCIATICA?**—Rev. John Bolton had it for 6 years and was cured by it.

**IT IS A GOOD TONIC?**—Every patient and every doctor who has used or prescribed it, says, it is the *best* beyond comparison. It invigorates Brain, Nerves, Stomach and Bowels.

**DOES IT GIVE SATISFACTION?**—

Ask any druggist who has ever sold it. People cannot praise it enough.

**TIRED BUSINESS MEN, Strained and Overworked LAWYERS, Weak, Hysterical, Nervous or Debilitated WOMEN, Puny, Ill-grown CHILDREN, Exhausted CLERGYMEN,**

**DOES IT CURE CONSTIPATION?**—

Better than oatmeal even. Beware of griping pills.

**HOW ABOUT THE OPIUM HABIT AND DRUNKENNESS?**—It stands unrivalled as the only thing having sufficient tonic action on the nerves to unlock their deadly hold.

**WILL IT MAKE THE WAKEFUL SLEEP?**—Like a babe in the cradle. Sweet, refreshing and balmy. Better a thousand times than all Opiates and Bromides, and no bad after effects.

**YOU NEED IT!**

**IT HAS ROBBED MANY A GRAVE OF ITS VICTIM!  
IT HAS CHEATED MANY A BED OF ITS INVALID!  
IT HAS CLOSED THE DOORS OF MANY AN INSANE ASYLUM BEFORE AND NOT BEHIND ITS VICTIM!**

**Are You Skeptical to To-day** Try it, and next week all your friends will have heard of its virtues. It will cure.

**NON-ALCOHOLIC.**

"In talking with a Market Street Merchant, I was somewhat surprised to find that a magnificent American Wine is being made in large quantities from the juice of sweet oranges of California, surpassing in purity any of the European wines. 'It is the best tonic, medicinal or otherwise,' said my friend, 'that can be taken in the human system.' It is nourishing, very agreeable, and what is more, a perfectly pure fruit native wine, containing no alcoholic spirits, and preserved by distilled glycerine preservatives. Everybody knows what recuperative power there is in a luscious ripe, sweet orange, and as no part of the fruit is used in the manufacture of the wine but the pulp of perfectly ripe oranges, and none of the wine bottled from the casks until it is at least three years old, it is easy to see that it will at no distant day outrival any of the mild drinks in the market of to-day. It is a marvelously palatable beverage, and its introduction will be hailed with delight by not only the temperance drinker, but the dealer, and every person who can appreciate a pure, wholesome, healthy, and appetizing beverage."

### Clippings from "AMERICAN ANALYST."

The largest wholesale drug house in the world, that of Gehe & Co., in Dresden, Germany, have placed the weight of their influence on the side of Jensen's by buying his product to the exclusion of every other.

The Courts thus far have decided in the same direction, but a practical test will still further decide the matter. The same writer we have quoted before has made a partial test by the methods he has indicated. We quote his results without giving names before giving the results of the tests made in our laboratory.

It may be interesting in this connection to give a few of the results obtained by this process with some of the pepsins of the market.

The test made by the AMERICAN ANALYST consisted of twelve samples of pepsin manufactured by six different firms. All of these were obtained in drug stores, and after being emptied into clean glass bottles, were numbered from 1 to 12, and handed to two different chemists without any knowledge on their part as to the maker of any of the samples submitted. Their reports are as follows:

Number of grains of egg albumen in finely pulverized form dissolved by two grains of pepsin in six hours at a temperature of 100-103° F.:

Sample No. 1.....	18	grains.
" " 2.....	19.7	"
" " 3.....		inert.
" " 4.....		inert.
" " 5.....	508	grains.
" " 6.....	506	"
" " 7.....	2018	"
" " 8.....	2007	"
" " 9.....	174	"
" " 10.....	336	"

It is fair to add that specimens Nos. 7 and 8 were Carl Jensen's crystal pepsin. With these statements we leave the matter to be judged by the reader.

PURITY.

STRENGTH.

UNIFORMITY.

HERE used to be an old copy-line in the school books which read :  
“Small leaks sink great ships.” There is a great deal of truth in  
this, and it might be applied very pertinently to the subject of  
Flavoring Extracts. A pudding or a sauce may be of the most intricate  
and costly character in material used, yet, the flavoring may be so poor,  
that all the skill and labor involved is lost ; and the effect of an otherwise  
good dinner entirely obliterated by a poor dessert.

The use of

\* Thurber's Best Extracts \*

does away with any possibility of such a failure. They are ABSOLUTELY PURE,  
of full and uniform strength, so that the same quantity always produces the  
same result, and they are packed in a handsome and attractive style.

The preparation of these goods is carried on under the supervision of a  
practical man of long experience, and a special process, which is a secret to  
most manufacturers, gives our Extracts to a sparkling brilliancy, and in-  
sures us the absolutely pure goods which we offer.

We accept no second place in this branch of the business, and we in-  
vite a trial order, which will convince you that no better Extracts can be  
had than THURBER'S BEST.

THURBER, WHYLAND & Co.,

NEW YORK.

P. S.—We manufacture, import, or deal in nearly everything that  
is consumed in eating and drinking, and the public now recognize that  
the care which we exercise in the selection of our food products makes  
them worth more money than the average of those sold by other houses.

# Condensed Stewed Tomatoes

**T**HE great tendency of the age is toward getting the most out of every undertaking, whether it be of business or pleasure. Men have labored long and patiently to produce better results in nearly every department of human enterprise, and the world is better for their efforts. Tomatoes have for a long time been the subject of careful experiments at our hands. We aimed at a combination of three things: First, perfection of flavor; next, completeness of preparation, and third, an absolutely full can. We have accomplished what we wanted, and in presenting our

## Condensed o Stewed o Tomatoes.

we do not hesitate to claim that no finer form of this popular vegetable has ever been offered to the public. They are above and beyond criticism. The process of evaporation and condensation reduces their bulk about one-third, but retains the full, rich taste of the fresh Tomato, and enough seasoning is added to make them savory and appetizing. The necessity for further cooking is dispensed with, and in preparation for the table it is only necessary to place the can in boiling water for about fifteen minutes, open it, and they are ready to serve. Their value in the preparation of sauces and dressings will be readily perceived. The label is one of the most tasteful designs ever used in this direction, and the goods are an ornament to any grocer's stock.
